

## backfill for thrills acrylic

You learn best by doing. That's why Young Nails offers the best hands-on training in the business to help you learn new techniques, improve your skills, manage your time and make more dough. We offer lots of classes throughout the year, so keep an eye open for these fliers or ask your distributor for info.

**Description:** This class teaches you proven techniques to increase both your speed and accuracy without destroying the integrity of the natural nail. Imagine that. Just a few of the things we'll cover are proper handling of the hand-piece and barrel replacement, traditional and reverse backfill applications, cutting and shaving without skipping, removing a separation, structured timing, establishing a guide for the smile line, fil-before-file technique. As always, Young Nails has got your backfill.

**Things You'll Need:** Brush,  
Dappen Dish
